

ADOPTION AGREEMENT

By adopting a pet, I promise to provide food, water, shelter, regular veterinary care including spaying or neutering, license as required, and, most importantly, lots of love and attention. The animal's purpose will be as a companion, and I will care for the animal for the duration of its life.

I accept the animal as is, and understand that Robyn's Nest is not responsible for medical conditions not detected. I agree to follow-up calls and/or visits from an adoption agent to aid in the transition for the pet. If at any time throughout the animal's life I must give up the pet, I agree to contact Robyn's Nest to give them the option of accepting the animal back into their care.
